NEW YEAR MESSAGE 2024

Dear Members,

First up all, our Managing committee (BOARD) of A.E.E.C Co-Operative Stores Ltd., wishes you and your family a very happy, healthy and prosperous New Year 2024. The year 2019 to 2023 has been handled bravely and successfully by us even though the pandemic COVID -19 spreads and other issues.

The service during this period is remarkable and graced by our Members and Department of Atomic Energy (DAE). Online shopping was introduced during the pandemic period through our dedicated website (www.aecstores.in) and fascinated by everybody is the one of the achievement in the history of A.E.E.C.Co-Operative Stores. We were hardly worked on that to fulfill the requirements of our residents at their doorsteps during the pandemic period. It was very much struggle to make the availability of the majority of the products to fulfill the needs of the residents with fewer prices comparatively outside. We are very much thankful to our Members, all working associations at kalpakkam & GSO/ DAE management for their immense support to handle the pandemic situation of COVID-19 and once again proved our sincere services to our Members and residents of our both Townships. Obviously we are very much grateful to our Staffs & Staff unions for their restless work by knowingly their life threat of COVID-19. All are aware that our Stores was working continuously even in holidays and without seeing the timing during the COVID-19 periods with only aim of service to our members. We proud to say that the Stores was not closed a single day in the name of COVID-19 even though we faced lost of two lives (staff and Board of Director), one can realize that if the Co-Op. Stores closes in the COVID-19 periods, it might have give huge losses to the Stores results the stores would not be there now.

Our milk section was bravely associated with our residents from early morning to night during the pandemic period even though Pudupattinam entry Gate was closed and our most of the staffs from vayalur, Ayappakam, vittilapauram, Kariyacherri, Thirukalaukundram area etc, were travelled long by their own vehicle to enter through Sadras gate daily with so much of restriction /pressure by police and other officials and given their unbeatable services to our Members/residents even though no other facilities given by us. Hats off them.

The working days and timing of the major sections of Stores are increased especially our Petrol bunk, LPG and the Branch Stores- Kalpakkam & Anupuram Stores are running without break from 7 am to 8.30 pm. Further, the Sunday also opened both morning and evening for the benefit of the Members/residents. We come back to running the Snacks shops, fast food and veg. hotels to accomplish the desires of the Members.

We are completed our important mission successfully by providing canopy (roof) to Petrol Bunk at kalpakkam which is 55 years desires of our Members and made the system like other petrol bunks to fill the fuel without standing in the long queue to get the bill. It is also benefit to the members as well as staffs of the stores who were exposed / worked in hot sunlight and heavy rain for the past 55 years.

The board has reduced the prices of consumer durable items substantially with transparent offers. We are taken more care in the higher purchase Loan facility for the members and we already enhanced the consumer loan amount as well as many MELAS/ exhibition with many home appliances company were carried out for the benefit of the members.

The distribution of PDS (Ration) items has been carried out with meticulous care and we are taking care of distributing the Pongal gifts of TN Government and distributed the Dhوتي & Saree to our Members after the many decades of the Store's history.

Regarding Losses of Stores:

The losses has been started in the year 2017-18 auditing period of previous committee due to closing of the Pharmacy business at the year 2017 and 14 nos. temporary staffs were made permanent by them is the prime reason for the losses. Our committee has taken the charge in the August- 2018 which comes under the 2018-19 audit period. Hence, one side the Pharmacy business was closed and other side 14 nos. temporary staffs were made permanent which reduces the income and enhance the expenditure of the Stores.

- As every one of you are aware, our Co-op. Store account is audited by Tamil Nadu State Government Auditors.
- Due to malicious interested persons' fabricated complaint against our committee, many times the accounts of Co-op. Stores were subjected to verification of State Government and the year 2022 by the Central Vigilance Committee (CVC). Five year auditing report and other documents etc., were verified by them and they confirmed that the losses is mainly due to Establishment charges (staff salary, increment, DA, bonus etc..)
- After taking over charges, we conducted two general body meeting and submitted audited balance sheet for 5 years (including previous committee's accounts) and the same approved by members. In the general body meeting held in 2019, our committee informed that as the stores is functioning with serious loss because of closure of Pharmacy and 14 temporary staffs were made permanent, as per rule of cooperative it is unable to provide dividend to members. However it was decided to provide purchase bonus instead of dividend and everyone is aware the same being issued to members every year from 2019 onwards. But only few malicious persons are unaware of the fact. Whether they are under coma status or making foundation by propagating false information to members to win the forth coming co-operative election for continue their immoral activities?
- As they are expert in crabbing money, they have targeted now on stores.
- Dear members, please be careful, alter, cautious, vigilant

It is better to know about the rules and regulations of the cooperative Stores and the duty responsibility of the staffs and the supremacy of honorary managing committee (BOARD) of the Stores. As per the cooperative, the stores liability is always belongs to staffs who is the paid servant and involving in the purchase, sales etc. The managing committee is only the honorary who is concerning in the policy matter and observe the rules and regulation and taking appropriate action on the staffs if they involved in any misconduct or scam and place the enquiries and punishment as per the rule/bye-law of the Stores. Managing committee (BOARD) will also take care the grievances of

the members if it is not resolve by the paid officials of the Stores.

Since our Stores establishments in 1967, surpassing 55 years, have come across many ups and downs. In spite of that, it is still surviving due to the sincerity of finer staffs and good support by the Honorable Members. Though some gossips prevail about our stores performance, we understand that it is just to destroy the fame and business of our stores and to divert our members to go for outside purchase, benefiting someone. In any establishment a critical situation might arise, but could be rectified at some point of time, which is very near in future. And we proudly say that the loss of the Stores has been considerably reduced by the sincere and hard work of our Board.

We strongly assure you all that the quality of the materials of our Stores will be of best standard with competitive price to fulfill your expectation, henceforth. All this could be possible only with your full co-operation and let us jointly uplift and retrieve its fame. We are working towards the benefit of the Members and to bring back the golden era of our Stores by implementing the schemes like purchase bonus, dividend and other facilities in future.

I request all the honorable members to support for the improvements of our Stores and all the deposits are safe in the Consumer LOAN. We expect the Store losses will be minimized or overturn in near future by means of the many steps were taken to reduce the expenditure and through the retirement of the staffs since the major losses is due to the enhanced salary and other perks of the staffs.

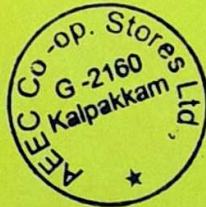

Finally we make a humble request to our beloved Members to render their full support by means of making trade with AEECC Stores and establish the concept of Co-operation by joining our hands. We will support together for the success of our A.E.E.C Co-Op stores Ltd.

**Support our stores kindly!!
Trade with our AEEC Stores only!!
Get the Benefit of our profitability!!
"By protect the A.E.E.C.C Stores, control the rates at outside for our younger Generation certainly"**

**Let us show our Unity!!
Let us develop our AEEC Store strongly!!
Let us ensure the stores are ours proudly!!**

We assure you that we are with the Members and our top most agenda is 'Clean and Transparent businesses to our Members'.

On behalf of Board of Directors and Staffs, once again I wish you and your family a very happy & prosperous New year-2024.

**(V.Elumalai)
